Unless instructed otherwise, steaks will be cut one inch thick, but can be cut ¾" to 1 ½". Meat will be packed to your instructions as closely as possible with your specific animal. Butcher may package in smaller quantity if total amounts do not come out evenly. Any cuts not specified will end up bulk ground beef. There is an additional charge to make hamburger patties rather than package hamburger in bulk. Give your instructions for all cuts of meat desired and put a dash through those you are not interested in and you will get them as ground beef.

Actual hanging weight varies depending on each individual animal and can not be determined until the processing has begun and we will let you know that and your order total cost when we find it out.

Special instructions for butcher

Thank you for your order!
